Call for Volunteers

The American Littoral Society, in partnership with the Borough of Bradley Beach, the Bradley Beach Environmental Commission, Department of Public Works, and Surfrider Foundation, needs volunteers to plant dune grass in front of our dunes.

We intend to plant approximately 15,000 plants across a mile of beach on March 28, 2015. Any remaining plants will be used to plant along the lake bank at the maritime forest.

Date: March 28, 2015

Location: Boardwalk at Brinley Avenue, Bradley Beach

Start time: 10AM

End time: 12 PM or until all plants are in

Please bring warm clothes, broom handles or dibble sticks to plant with, and work gloves (if needed). This is a rain or shine event. Registration will be held on the boardwalk at Brinley Avenue.

Please contact Capt. Alek Modjeski with any questions at alek@littoralsociety.org.

See you there!

Capt. Alek Modjeski
