SNOW INFORMATION

PARKING DURING SNOW EMERGENCIES

If possible, all vehicles should find off street parked during Snow Emergency.

REGULATIONS FOR SNOW PLOWING - ALTERNATE SIDE OF THE STREET PARKING

If your street runs EAST TO WEST: During and after it snows, no parking on the South Side of the street until the snow is plowed off the South Side. Then no parking on the North Side of the street until the snow is plowed off the North Side. If the street runs NORTH to SOUTH: During and after it snows, no parking on the East Side of the street until the snow is plowed off the East Side. Then no parking on the West Side of the street until the snow is plowed off the West Side.

SNOW REMOVAL

Snow removal: sidewalks and parking lots. Snow and ice shall be removed from sidewalks and private parking lots within 24 hours after cessation of precipitation.

Depositing of snow or ice into the streets is prohibited. No person or other entity shall throw, place or deposit any snow or ice into or on any street in the Borough, and no owner, tenant or occupant shall cause or allow such throwing, placing or depositing or any snow or ice to remain in the street, being the intent and purpose of this provision to prohibit all such persons and entities from throwing, placing or depositing snow or ice which accumulated on the private property of adjoining sidewalks into the streets of the Borough.

FIRE HYDRANT BY YOUR HOME? PLEASE HELP AND CLEAR THE HYDRANT FOR EMERGENCIES

TRASH AND RECYCLING DISPOSAL DURING A SNOW EMERGENCY

PLEASE DO NOT PUT TRASH OR RECYCLING OUT FOR COLLECTION.
PLEASE WATCH THE WEATHER!!

EMERGENCY NOTIFICATION SYSTEM

Get alerted about emergencies and other important community news by signing up for our Emergency Alert System. This emergency notification system enable us to provide you with critical information quickly in a variety of situations, such as severe weather, unexpected road closures, missing persons, and evacuation of buildings or neighborhoods. You will receive time-sensitive messages wherever you specify, such as your cell and email.

Please go to the Borough website: www.bradleybeachnj.gov and click on the link to sign up.

BBO SAFETY

NEVER cook inside a garage, a covered porch or under a canopy covered patio.

NEVER use a grill on a balcony.

As part of annual maintenance check grill for sticky valves and rust. Replace worn parts.

Always store cylinders outside, in the upright position and **NEVER** inside.

After fill up or exchange bring propane tanks home, valve closed and capped in a ventilated vehicle.

NEVER store, use or transport near high temperature.

On refills/exchanges have supplier check cylinder for damage, rust, dents or leaks. Keep the grill at least five feet from a combustible wall or fence

STAY SAFE THIS SUMMER, FOLLOW THESE SAFETY HINTS Bon Appetit!

THE BRADLEY BEACH MUNICIPAL ALLIANCE TO PREVENT ALCOHOLISM AND DRUG ABUSE

in cooperation with the New Jersey Governor's Council on Alcoholism and Drug Abuse as well as the Monmouth County Division of Mental Health and Addiction Services, is a community based organization working to reduce the abuse of alcohol, tobacco, drugs and other substances in our community.

TRASH AND RECYCLING INFORMATION

RECYCLING PICK UP IS EVERY MONDAY THROUGHOUT THE BOROUGH.

Recycling will now be easier! You will throw all your recyclables into one can for more curb-side collection. Since recycled items are cleaned, processed and re-purposed as new products by participating you will help save the planet as well as save thousands in landfill fees. Below are lists of what you can and cannot put in the can.

Acceptable Items:

Newspaper, office paper,
Junk mail, envelopes
Magazines
Flat corrugated cardboard
Cereal boxes
Glass bottles and jars
Metal containers
Metal beverage containers
Plastic water & soda bottles
Plastic milk bottles
Shampoo, detergent bottles

Loose and mixed in one can.

Nothing tied(newspaper/cardboard).

Not in plastic trash bags.

Not Acceptable Items:

Food, coffee grounds, etc.
Plastic bags, plastic wrap
Shopping bags of any kind
Wax-covered boxes
Paper plates, Pizza boxes
Plastic utensils
Deli containers, Styrofoam
Window glass, ceramics, dishes
Wire, wire hangers
Christmas lights
Diapers

*These items go in your
your regular "kitchen trash."*

DeLisa Demolition and Disposal

732-988-2525

Trash and Recycling Company

Trash and Recycling will not be picked up on Thanksgiving, Christmas Day and New Years Day. Please put it out for pick up on the next regular collection day. Please be aware that during a State of Emergency or a Severe Snow Storm Trash and Recycling will not be picked up until the next regular collection day.

Trash Collection Zones

Days of the Week for Trash Collection

TRASH AND RECYCLING INFORMATION

Richard Bianchi, Jr. - Supervisor
Biagio Cofone - Assistant Supervisor
732-776-2980

Please take recycling to the Neptune Public Works Yard, 2201 Heck Avenue, Neptune, New Jersey (Right off of Neptune Boulevard)
Proper Identification is required. (Driver's License or Utility Bill)

RECYCLING CENTER IS FOR RECYCLING ONLY. Dropping off Paints, Propane Tanks, Trash or Bulk Trash items are not allowed and will be considered **illegal dumping which is punishable by Law.** Apartments, condominiums and businesses (including restaurants) - only 32 gallon containers will be accepted. It is the property owner's responsibility to notify all tenants of all regulations and ordinances.

RECYCLING

NEWSPAPER: #1 Newspapers sold at newsstands must be tied in bundles and are not to exceed 30lbs. (No paper or plastic bags will be accepted.)

MIXED PAPER: High Grade (computer paper, printouts, tab cards and white paper) should be tied in bundles and placed alongside your newspapers. Bundles are not to exceed 30lbs.

CO-MINGLED: Aluminum cans, tin cans, plastic and glass bottles (all colors) are to be placed into an open sturdy re-useable container **not** to exceed 32 gallons with holes in the bottom and put to the curb for pick-up on assigned days. **ALL** cans, bottles and plastics should be washed to control bugs and odors. Motor oil containers, mirrors, bulbs, dish ceramics or window glass, plastic bags and broken bottles or any other type of broken glass will **NOT** be accepted.

CARDBOARD: Corrugated boxes (un-waxed) must be collapsed, folded and tied securely. **Bundles must be 2' X 2' maximum size and not to exceed 30lbs.**

COMPUTER, ELECTRONIC AND HAZARDOUS WASTE INFORMATION

Computer and Electronic items should be brought to the Monmouth County Reclamation Center, 6000 Asbury Avenue, Tinton Falls, New Jersey, Gate A, Monday - Friday 7:30am - 3:00pm and Saturday 7:30am - 2:00pm.

ITEMS ACCEPTED: Computer cases, CPU's, Keyboards, Mice, Monitors, Scanners, Printers, Cables, Laptops, Peripherals, TV's (42" and smaller), Radios, Telephones, Cameras, VCR's, DVD players, Stereo Components.

ITEMS NOT ACCEPTED: TV's (larger than 42") and Wood Console TVs. This is limited to Residents, small businesses and institutions. One pickup truck load. For more information please call: 732-431-7460.

BATTERIES: Regular trash & the Monmouth County Hazardous Waste Facility no longer accept batteries.

HAZARDOUS WASTE: Paints, pesticides, fertilizers, motor oil, antifreeze, pool chemicals, propane tanks, gasoline and herbicides can be brought to the Monmouth County Permanent Household Hazardous Waster Facility at 3161 Shafto Road, Tinton Falls, New Jersey For an appointment please call 732-922-2234.

BULK ITEMS

Bulk stickers are required for items that are **not considered regular household garbage or building material.**

These stickers can be obtained at Borough Hall. Bulk trash shall only be placed at the curb 12 hours before regulated pickup days.

ALL TRASH MUST BE IN A TRASH CAN WITH A LID

ANYONE WITH RECYCLING ITEMS IN THEIR TRASH WILL BE SUBJECT TO A SUMMONS

286-34 BULK STICKER FEES FOR COLLECTION OF BULK GOODS

The following schedule of the number of fee stickers required for each bulk item is based on four fee stickers for 25 pounds of weight. The weight of items used in this schedule are estimated weights formulated by the Department of Public Works. If any item not on this schedule is being placed for collection, the person placing the item should estimate the total weight to the item (in pounds) and divide the figure by 25 to arrive at the number of fee stickers required for that item. Any person unable to estimate the weight of any item may call the Department of Public Works for an estimate.

Below is a list of the most common items put at curbside for disposal. NOTE: Items weighing less than 25 pounds require four stickers, provided that items weighing more than 25 pounds may be combined and placed together in a bag as long as the bag does not weigh more than 25 pounds. Four stickers must then be placed on the outside of the bag.

ITEM	NUMBER OF REQUIRED STICKERS
Straight Back Chair	4
Dining Room Chair	6
Stuffed Chair	6
End Tables & Nightstands	4

LEAVES, BRUSH & YARD WASTE

Pick up:

All brush and yard waste shall be placed at curb side by 7:00am of the day designated for collection. No brush or yard waste shall be placed at the curb side more than 72 hours prior to any scheduled collection. The Public Works Department starts picking up on the designated Monday and can take a couple days to complete the town. If the Monday falls on a holiday pick-up will be the next working day.

Brush and shrubs in bundles not more than 8 inches in diameter and 10 feet in length may be placed between the curb and sidewalk for collection. Brush will be collected from March through November. Brush will be collected on the second and fourth Mondays in April and October.

The second Mondays in March, May, June, July, August, September and November. There will be NO brush collection from December 1st - February 28th.

Yard Waste will be collected on the brush collection dates. Yard waste materials to be collected by the Borough of Bradley Beach shall be drained of all liquid and then placed at curb side in an authorized yard waste container ONLY. No yard waste loose at the curb will be collected and a summons will be issued for failure to comply.

Leaves may be placed, loose or bagged, at curb side from April 1 through May 31 and from September 15 through December 1. Leaves shall not be closer than 10 feet to drain inlet. Leaves may be placed for collection only in authorized biodegradable leaf bags.

All leaves, brush & yard waste placed at any curb must have originated at the property adjacent to the curb at which same are placed for collection.

In an event of a major storm Public Works will collect brush as needed. For special pick up contact Public Works. For further information please review Borough Ordinance Chapter 286 Article IV.

**ALL ITEMS SHALL
BE PLACED AT
CURB IN
SEPARATE PILES.**

GRASS CLIPPINGS WILL NOT be collected by the Borough and **SHALL NOT** be placed at the curb at any time. The Borough encourages you to participate in the Grass – Cut it and Leave it Program. By doing this you will:

- Save Time – You don't have to empty your mower's bag, no raking, no bagging, no taking clippings to the street.
- Use less water – lawn clippings contain water and leaving those clippings on the lawn retains moisture, therefore you water less, or not at all.
- Use less fertilizer – lawn clippings contain nutrients. Leaving them on the lawn fertilizes your lawn, therefore you use less fertilizer or none at all.

We advise that you Mow High! 2.5" – 3.5" is ideal for NJ. It saves moisture and shades out weeds.

Definitions:

Authorized Yard Waste Container: Trash or garbage container with approved label and drain holes to allow the water to drain.

The container shall not exceed 50lbs with contents.

Yard Waste: Hedge/yard trimmings and vegetation from flowers and gardens. **Authorized Leaf Bag:** Biodegradable leaf bag.

FIRE ESCAPE PLAN

Draw a map of your home. Show all doors and windows.

Visit each room. Find two ways out.

All windows and doors should open easily. You should be able to use them to get outside.

Make sure your home has smoke alarms.

Push the test button to make sure each alarm is working.

Pick a meeting place outside. It should be in front of your home.

Everyone will meet at the meeting place.

Make sure your house or building number can be seen from the street.

Talk about your plan with everyone in your home.

Learn the emergency phone number for your fire department.

Practice your home fire escape drill twice a year!

SMOKE and CARBON MONOXIDE DETECTOR SAFETY

WHAT TYPE DO I NEED?

There are three types of smoke detectors PHOTO ELECTRIC, IONIZATION and DUAL SENSOR. Each alarm will respond differently depending on the nature of the fire. The Consumer Product Safety Commission and the US Fire Administration recommend the DUAL SENSOR for optimal response.

- There should be a minimum of one smoke detector on each floor outside the bedrooms
- Carbon Monoxide detector shall be installed within 10 feet of each bedroom
- The most important thing after you purchase and install your smoke alarms is to maintain them.
- A non-working alarm is about as effective as not having an alarm.
- Change your batteries at the annual time changes or whenever it “chirps” a low battery signal.
- Press the test button every so often to make sure it is working.

Carbon Monoxide FACTS:

Carbon Monoxide is a toxic gas which can kill you even before you are aware it is in your home or apartment. At low levels it can mimic flu symptoms, including nausea and fatigue, headaches and dizziness. The effects are different based upon your general health, age and level of exposure.

Carbon Monoxide has many sources: gas fired appliances, wood burning stoves, fireplaces and your garaged motor vehicle. People do die, and hundreds are injured every year, due to carbon monoxide poisoning. Please be careful.

FLOOD INFORMATION AND SAFETY TIPS

WHAT IS A FLOOD?

Anywhere it rains, it can flood. A flood is a general and temporary condition where two or more acres of normally dry land or two or more properties are inundated by water or mud flow. Many conditions can result in a flood: hurricanes, overtopped levees, outdated or clogged drainage systems and rapid accumulation of rainfall. Just because you haven't experienced a flood in the past, doesn't mean you won't in the future. Flood risk is not just based on history, it's also based on a number of factors: rainfall, river-flow, tidal-surge data, topography, flood-control measures, and changes due to building and development.

Flood-hazard maps have been created by the federal government to show different degrees of risk for your community, which help determine the cost of flood insurance. The lower the degree of risk, the lower the flood insurance premium. Homeowners Insurance does not provide coverage for floods. A separate policy must be obtained. The federal government offers such policies. See below.

HOW CAN I TELL IF MY HOME IS IN THE FLOOD ZONE?

The Borough of Bradley Beach is mainly not in the flood zone. Small sections of land near Sylvan Lake and Fletcher Lake are in the flood zone. To determine your zone, you can contact Borough Hall, or go to the Borough website www.bradleybeachnj.gov and click the link to FEMA or onto the website: www.fema.gov and click on maps, then flood map online and enter address.

IF FLOOD INSURANCE IS NEEDED, PLEASE SEE THE BELOW INFORMATION:

The National Flood Insurance Program (NFIP) is administered by the Federal Emergency Management Agency (FEMA), which works closely with nearly 90 private insurance companies to offer flood insurance to property owners and renters. In order to qualify for flood insurance, a community must join the NFIP and agree to enforce sound floodplain management standards. The Borough of Bradley Beach is a NFIP member. The NFIP, a federal program, offers flood insurance, which can be purchased through property and casualty insurance agents. Rates are set and do not differ from company to company or agent to agent. These rates depend on many factors, which include the date and type of construction of your home, along with your buildings level of risk.

DRIVING FLOOD FACTS: The following are important points to remember when driving in flood conditions:

- Six inches of water will reach the bottom of most passenger cars causing loss of control and possible stalling.
- A foot of water will float many vehicles.
- Two feet of rushing water can carry away most vehicles including sport utility vehicles (SUV's) and pick-ups.

AFTER A FLOOD: The following are guidelines for the period following a flood:

- Listen for news reports to learn whether the community's water supply is safe to drink.
- Avoid floodwaters; water may be contaminated by oil, gasoline, or raw sewage. Water may also be electrically charged from underground or downed lines.
- Be aware of areas where floodwaters have receded. Roads may have weakened and could collapse under the weight of a car.
- Stay away from downed power lines, and report them to the power company.
- Return home only when authorities indicate it is safe.
- Use extreme caution when entering buildings; there may be hidden damage, particularly in foundations.
- Service damaged septic tanks, cesspools, pits, and leaching systems as soon as possible. Damaged sewage systems are serious health hazards.
- Clean and disinfect everything that got wet. Mud left from floodwater can contain sewage and chemicals.

EMERGENCY SITUATIONS:

EXAMPLES: FLOODS, HURRICANES, BLIZZARDS, ETC.

Listen to the radio stations WJLK (94.3), WOBN (92.7) and WRAT (95.9) or television for information.

Residents will also be alerted with the Shore Area Emergency Notification System. Residents may sign up at www.bradleybeachnj.gov and click on the link for the www.ready.gov.

Be aware that flash flooding can occur. If there is any possibility of a flash flood, move immediately to higher ground. Do not wait for instructions to move. Be aware of streams, drainage channels, canyons and other areas known to flood suddenly. Flash floods can occur in these areas with or without such typical warnings as rain clouds or heavy rain.

If you must prepare to evacuate, you should do the following:

Secure your home. If you have time, bring in any moveable items. Move essential items to an upper floor. Turn off utilities including gas and propane at the main switches or valves if instructed to do so. And have all tools ready in the event that they need to be shut off. Disconnect electrical appliances. Do not touch electrical equipment if you are wet or standing in water

If you have to leave your home, remember these evacuation tips:

Do not walk through moving water. Six inches of moving water can make you fall. If you have to walk in water, walk where the water is not moving. Use a stick to check the firmness of the ground in front of you. Do not drive in flooded areas. If floodwaters rise around your car, abandon the car and move to higher ground if you can do so safely. You and the vehicle can be quickly swept away.

Prepare an Emergency Supply Kit which should include items such as water, non-perishable food, battery powered radio, flashlight and extra batteries, any medication immediately needed and sanitary items for your family. You may want to prepare a portable kit to keep in your car in case you are told to evacuate.

Make a Family Emergency Plan. It is important to know how you will contact family members in case of emergency or evacuations and how you will get back together.

Be informed. The Bradley Beach Office of Emergency Management will continue to update you on the progress of a severe weather event by means of Reverse 911 system or visit the www.ready.gov to obtain further information on emergency Supply Kits and Making Family Emergency Plans.

FLOOD SAFETY TIPS BEFORE A FLOOD

To avoid flood damage, you should:

Avoid building in a flood prone area unless you elevate and reinforce your home.

Elevate the furnace, water heater, and electric panel if susceptible to flooding.

Install “check valves” in sewer traps to prevent floodwater from backing up into the drains of your home.

Contact community officials to find out if they are planning to construct barriers to stop floodwater from entering the homes in your area.
