

Zoning Board of Adjustment
From June 18, 2020 Zoom Meeting
Board Member Deidre Phillips Testimony
Prepared By Thomas J. Coan

“You know, I just want to say one thing. You know, it is going to be beautiful. There is one door, two cars go in there and there is one door because they wanted lighting and safety for their daughter to get in. So I guess knowing this structure for myself, they have to have two doors.

That is what I want them to know, the rest of the board to know.”
