- Wishing Tree Applications
 - Waiting on 1 WT application for Spring Planting
- Honor Me Applications
 - No new HM apps
 -
- Community Outreach/Media
 - Media – Coast Star and Coastar
 - Tree of the Month
- Spring Planting Event 2026
 - I have been in touch with Lisa Simms of Green Streets of the NJ Tree Foundation, who will be coordinating our planting. A vast majority of the trees we requested are available and purchased. (No serviceberries or Sycamores were available so we subbed Crabapples and London Plane, as per Lisa Simm’s recommendation).
 - Green Streets will do the planting over the course of a week in May.
 - They will use the Recycling yard as their staging area.
 - We will be responsible for marking locations—they will do everything else.
 - I will reach out to the powers that be about a few issues: whether we can plant the 2 trees in Reilly Park; if DPW can remove the trees we need removed.
 - We need to compile a finalized list of locations from which trees need to be removed.

- Jane is getting contact info for replacement tree locations so we can be sure the residents actually want a replacement tree.
- We should clean-out/organize our shed and write inventory of what items are in the shed. Green Streets will provide watering bags for all of our trees, so we should assess the ones in the shed and dispose of bags that no longer function. This can certainly wait for warmer weather, and should not take long.
- Budget Updates –
 - Shade Tree Trust Account ~\$15,000
- New Business
 - I would like to start a spreadsheet of all WT and HM and removal applications to be stored in the folders where we scan in the actual applications. Is anyone able to help Holly and me with this? It will make cross referencing things much easier.
 - Jane presented our idea of the card for tree removal to the Council and it was positively received and will be voted on. We just need to finalize our text and get them printed. Hopefully they will be ready in time for the first app of the year.
 - An issue was raised to me by a resident about a tree that he thinks was illegally removed on LaReine. We need to decide if we are going to retroactively act on unauthorized tree removals.
 - Everyone please take a look at the HM and WT applications. The wording is somewhat confusing in places, as reported by residents. Send me suggestions of changes we can make to make the instructions more easily understood.
